RULES & REGULATIONS

DEFINITION OF TERMS

The term "***SPECIAL PICK-UP SERVICE***" or "***SPECIAL DELIVERY SERVICE***" as used in this tariff refers to pick-up or delivery of a shipment by a vehicle specially dispatched or specially rerouted by a forwarder at the specific request of a shipper or consignee and such service is performed prior to the time that a pick-up or delivery would be made in the course of the next regularly scheduled cartage trip.

- A.) ***SPECIAL PICK-UP AND DELIVERY SERVICE*** is provided at the applicable charge per shipment named in this section of the tariff.
- B.) One charge for ***SPECIAL PICK-UP OR DELIVERY SERVICE*** will apply to the transportation of one or more shipment(s), when the service is provided for one consignee, at one address, at one time.

PICK-UP & DELIVERY SERVICE

- 1.) Pick-up and delivery service will not be provided when, because of conditions beyond our control, it is impractical to operate vehicles to and from any address not directly accessible to vehicles.
- 2.) Special pick-up or delivery service will be provided only upon advance arrangement.
- 3.) Loading and unloading incidental to pick-up and delivery service will ordinarily be performed by one man. Pick-up and delivery service will not be provided for pieces which cannot be handled by one man unless advance arrangements have been made including where necessary, the furnishing of additional men and equipment at the risk of the shipper or consignee.

DECLARED VALUE / LIMITS OF LIABILITY

Unless a higher value is declared with Excelsior Freight Systems, at a rate of .60 per \$100.00 declared value, Excelsior's liability will be limited to \$50.00 or .50 per lb for any loss or damage. A declared value on Forwarders HAWB does not provide coverage when in our possession unless special written request is made, at the rates above. Any shipment having a value in excess of \$10,000 will not be provided pick-up and delivery service unless prior authorization is obtained through Excelsior Freight Systems management.
